Copernicus Project: High School Students As Teachers Of Science

District high school students are shown teaching fifth grade science lessons on the Periodic Table of Elements to students at Highland and Coronita Elementary Schools.

The students who taught lessons at Highland Elementary were: Samantha Munger, Monica Angulo and Gilberto Sotelo, all from Norco High School.

Student teachers at Coronita Elementary were Brittany Fargo, Norco High; Diana Rubio, Corona High; and Kaitlin Cameron and Morgan McDougall from Centennial High School.
